

Military Aircraft Type Rating Initial/Change Course Approval

Guidance

These guidelines are designed to assist you to complete the DASR Form 12a for a Military Aircraft Type Rating (MATR) Initial/Change Course Approval under Defence Aviation Safety Regulations (DASR).

IMPORTANT

It is the applicant's responsibility to apply for DASA approval only if they have a requirement for the approval and can demonstrate compliance with all the relevant regulatory requirements.

Please carefully read this document and any relevant Acceptable Means of Compliance or Guidance Material issued by DASA. This information is available on the [Defence Aviation Safety Authority](#) (DASA) website and will assist with the application process.

Military Aircraft Type Rating (MATR) Course - Change Management/DASA Notification Requirements

Alterations and changes to MATR Courses shall be defined within one of two categories;
Major Change or **Minor Change**.

A **Major Change** is any amendment, alteration or change to a MATR Course that is not accurately categorised as a Minor Change within the relevant MTO Exposition procedure. A DASR Form 12a - Military Aircraft Type Rating Initial/Change Course Approval must be submitted and approved prior to any Major Change to a MATR Course.

A **Minor Change** is any amendment, alteration or change to a MATR Course that does not affect the DASR related approval. Minor Changes may be acceptable to DASA without prior approval by the Authority; contingent to endorsement by the relevant MTO QMS that no adverse material effect is posed to safety, quality of training or the knowledge, skills and attitudes of course graduates, course learning outcomes or location.

An internally reportable process for approval of Minor Changes to MATR Courseware must be included within the relevant MTO Exposition/Annex; containing either a specific predefined listing of all actions, or defining statement considered by the MTO to fall within the scope of a 'Minor Change'.

Subject to the endorsement of the MTO QMS, listed actions could include (but are not limited to);

- Grammatical and typographic changes
- Changes that incorporate updates from the relevant platform specific technical publications (e.g. updated maintenance procedures, configuration changes etc.)
- Changes of content (provided the learning outcomes are not affected)

Applicants are to complete and sign this application form electronically and submit to the nominated DASA email.

NOTE: DASA may not consider an application or cease to consider it further while the applicant has not complied with all DASR requirements.

Withdrawal of Application

An application can be withdrawn in writing at any time.

Form Submission

Submit the electronic application form by selecting the appropriate 'Submit Form' button on Page 2.

NOTE: If there is insufficient space in any of the fields, please attach additional information to this form.
