

## Application for issue/Amendment of DASR 66 Military Aircraft Maintenance Licence

### **Guidance**

These guidelines are designed to assist you to complete the DASR Form 19 under Defence Aviation Safety Regulation (DASR) 66.

Please carefully read this document and any relevant Acceptable Means of Compliance and Guidance Material issued by DASA. This information is available on the DASA website and will assist with the application process.

### **About this form and application process**

#### **Application Process**

Completing this application form is the first step in the application process. Once received, DASA will review your application including all supporting documentation provided.

Where an applicant is employed by an organisation that holds a DASR 145 approval certificate, the form must be validated by the organisation's Quality Manager and copies of supporting records retained for reference.

Where the applicant is not employed by an organisation that holds a DASR 145 approval certificate, all supporting records provided with the application are to be certified true copies.

This DASR Form 19 is the official DASR form used to apply for a Military Aircraft Maintenance Licence (MAML) under DASR 66.

#### **Completion of Application**

All form fields are to be accurately completed by the applicant. Incomplete applications will be returned to the originator and the application process will be terminated. The applicant may reapply to DASA when all application deficiencies have been addressed.

The application form must be completed electronically and submitted using the form workflow properties, handwritten and scanned copies of the form will not be processed.

#### **Evidence Standard**

Any records provided to support this application must be certified true and correct by a person that meets the qualification requirements outlined in Schedule 2 of the [Commonwealth Statutory Declarations Regulation of 2018](#).

Where evidence is provided that has not been previously recognised or approved, it is the applicants responsibility to ensure a copy of the relevant procedure or process and objective evidence records are provided to DASA for assessment.

Processes, procedures and records generated will only be considered by DASA assessment staff when:

- They form part of an Aviation State Safety Program regulation recognised by DASA and records have been issued by the regulatory organisation.
- They form part of the quality system of an organisation that holds a continuing airworthiness regulatory approval under a state safety program and records have been issued by an organisation that holds a current approval certificate (M,145), and is the current employer of the applicant.
- They form part of the quality system of an organisation that holds a Maintenance Training regulatory approval under an aviation state safety program, or Nationally Recognised Competency based training program and records have been issued by an organisation that holds a current approval certificate (CASR Part 147 / DASR 147 MTOs). Any records issued must state the CASA approval or ASQA RTO number that relates to their approval certificate.

#### **Withdrawal of Application**

An application can be withdrawn in writing at any time.
