

Extension of Advisory Circular 001/2021 Certification of On-Aircraft Structural Repairs Interim Arrangements

DASA wishes to advise that Advisory Circular (AC) 001/2021 - *Certification of On-Aircraft Structural Repairs – Interim Arrangements* has been extended to 01 Jul 25, to allow time for DASR 145 Maintenance Organisations (MOs) to transition to more enduring regulatory compliant arrangements for certification of on-aircraft structural repairs. On 01 Jul 25, DASA will cancel AC 001/2021 and revoke all interim Military Maintenance Authority (iMMA) issued to date. Options available to replace interim arrangements (iMMA) have been detailed in separate correspondence sent to all ADF and Defence Industry DASR 145 MO key appointments.

The Advisory Circular is available from the DASA [Policy and Guidance Webpage](#).
