

Factsheet – Defence Aerodrome Operator responsibilities to designers of Terminal Instrument Flight Procedures at Defence Aerodromes

This Newsbreak is to advise that DASA has released Factsheet – *Defence Aerodrome Operator responsibilities to designers of Terminal Instrument Flight Procedures at Defence Aerodromes*.

The Factsheet contains information directed at Defence Aerodrome Operator organisations and other agencies involved with supporting the design requirements for Terminal Instrument Flight Procedures at Defence Aerodromes, including Security and Estate Group.

The Factsheet provides information to support Aerodrome Operators to understand the relationship between the CASA Legislative Instrument 68/24 - *Terminal Instrument Flight Procedures (Military Aerodromes)* and the Letters Of Agreement and Obstacle Letters, received from CASA certified Part 173 design organisations.

Readers can access the Factsheet via the [DASA Internet page](#).
