

DASA Guidance Material

Obstacle Data Considerations and Runway Displaced Thresholds

DASA wishes to advise that AC 003/2016 – Obstacle Data Considerations and Runway Displaced Thresholds has been cancelled and replaced by the Factsheet – Key Considerations When Displacing a Runway Threshold.

The “Obstacle Data Considerations” component from the superseded AC is now incorporated within this factsheet, as well as in the Factsheet – Defence Aerodrome Obstacle Management.

This update ensures DASA guidance remains aligned with current standards and regulatory requirements.

For further information, please contact the Air Navigation Service Providers/Aerodromes at DASA.DAVNOPSANSP/AD.
