

Closure of Notice of Proposed Amendment for DCP-0048 – Removal of exception clause 145.A.30(f)1 and Associated Acceptable Means of Compliance

DASA wishes to advise that Notice of Proposed Amendment for DASR Change Proposal 0048 – Removal of DASR 145.A.30(f)1 and associated Acceptable Means of Compliance, is now closed for comment.

DASA received three responses with two respondents indicating that ‘the proposal is acceptable without change’. One respondent indicated that ‘the proposal is acceptable but would be improved if changes were made’. Subsequent discussions with this respondent supported DASA’s final position not to include additional guidance material explaining the rationale for deviating from European Military Airworthiness Requirements.

Noting the above, a Comment Response Document summarising the responses received will not be issued in this instance.

For further information, please email the Directorate of Continuing Airworthiness (Regulations) at [DASA.DCA Regs](#).
