

1/26 Aviation Non-Technical Skills Training Workshop

The Defence Flight Safety Bureau (DFSb) will host the 1/26 Aviation Non-Technical Skills (NTS) Training Workshop on Tue-Wed 03-04 November 2026 at HMAS Harman, Canberra, ACT.

The purpose of Aviation NTS Training Workshops are to provide an opportunity for personnel with NTS promotion, education and training responsibilities to exchange ideas, share experiences and discuss emerging issues and best practice relating to NTS training. The themes addressed at each workshop will vary based on wider Defence aviation needs and regulated community feedback.

Consistent with [Advisory Circular 02/2026 Transition to DASR NTS](#), the 1/26 Aviation NTS Training Workshop will focus on the implementation of the NTS Training Continuum as part of Defence aviation's transition to DASR NTS. As such, specific themes for the 1/26 NTS Training Workshop include:

- Integration of Skills based NTS Training into existing organisational management frameworks
- Development of Skills-Based NTS Training programs

Personnel with responsibilities for implementing the NTS Training Continuum within their organisation are strongly encouraged to attend. Nominations for the 1/26 Aviation NTS Training Workshop should prioritise personnel with responsibilities in meeting organisational outcomes relating to the above themes.

Nominations for attendance are to be coordinated through relevant Service/Wing/FEG safety officers and emailed NLT 16 October 26 to dfsbrhf@resources.defence.gov.au.

Queries related to Aviation NTS Training Workshop attendance and general administration should be directed to dfsbrhf@resources.defence.gov.au.
