## Training Nominations

**Defence Personnel:** All ACT courses are registered on PMKeyS. When nominating for a course, the member's Unit Training Coordinator (UTC) or delegate is to nominate on PMKeyS. Due to limited course numbers it is recommended detailed amplifying comments and priority upgrade accompany all course nominations.

**Contractor nominations:** It is Defence policy to charge Non-Government and Government organisations when Defence supplies goods or services in accordance with

Australian Government Cost Recovery Guidelines (Resource Management Guide No. 302, 304) and Defence Finance Group guidance. However, as the cost of the Composite Recertification course is less than \$500 it has been determined the cost recovery is uneconomical and will not be pursued at this time. Civilian contractor nominations are to be forwarded and authorised through their relevant sponsoring System Project Office (SPO). Headquarters Air Force Training Group will only accept nominations from the SPO's nominated liaison officer.

**International course nomination:** International course nominations are administered through Air Force Headquarters, International Engagement (Foreign Training) - Directorate of Strategy and Planning, Canberra, Tel: +61 2 6265 5533.

### **Course Paneling**

Headquarters Air Force Training Group are the paneling authority for all ACT courses.
