

DEFENCE AVIATION INDUSTRY PARTNERS - INVITATION TO JOIN THE 2021 SNAPSHOT SAFETY SURVEY PROGRAM

Defence aviation industry partners are invited to join the 2021 Snapshot Survey program.

The Snapshot survey is administered annually to personnel from Air Force, Army Aviation, Fleet Air Arm, Air Domain (Capability Acquisition & Sustainment Group), and other selected elements. In recent years, the program has also been expanded to be administered to select Defence aviation contractors and the Royal New Zealand Air Force.

The Snapshot survey program is managed by the Defence Flight Safety Bureau (DFSB) and is designed to inform and improve senior management and command awareness on a range of factors that may affect the safety and wellbeing of staff. Snapshot has proven to be of genuine value to senior managers and commanders, and continues to be a key sensor in the safety climate and human systems domains. The Snapshot survey will be conducted online over the period **26 April to 14 May 2021**.

DFSB is committed to maintaining the trust of participating organisations with strict confidentiality and data management provisions observed at all times.

Should your organisation be interested in participating in the 2021 Snapshot survey, contact dfsb.snapshot@defence.gov.au. **Expressions of interest close Wednesday 31 March 2021.**

For more information, see the [Snapshot survey website](#) (DPN Only).
