

***Release of Comment Response Document to Notice of Proposed Amendment for DASR Change Proposal 2021-035 – Improvements to DASR M Subpart H and linked regulations***

DASA wishes to advise that there were no formal responses to the Notice of Proposed Amendment for DASR Change Proposal 2021-035 – Improvements to DASR M Subpart H and linked regulations. Consequently, a Comment Response Document will not be published.

Although there were no responses to the Notice of Proposed Amendment, DASA subsequently amended some content in DASR M.A.802 to improve readability only.

This DASR change is intended to support organisations already using DASR M.A. Subpart H. It should be noted that, as part of ongoing efforts to align to EMARs, DASR M.A. Subpart H may be removed in the future; its function/purpose potentially being transferred to other regulations and guidance.
