

## Defence Aviation Industry Partners – Invitation to join the 2023 Snapshot Survey Program

Defence aviation industry partners are invited to join the 2023 Snapshot Survey program.

The Snapshot survey is administered annually to personnel from Air Force, Army Aviation, Fleet Air Arm, Air Domain (Capability Acquisition and Sustainment Group) and other select groups within Defence. The program also has expanded to include select Defence aviation industry partners and the Royal New Zealand Air Force.

The Snapshot Survey program is managed by the Defence Flight Safety Bureau (DFSB) and is designed to inform and improve senior commanders' and managers' awareness on a range of factors that may affect the safety, performance and wellbeing of staff. Snapshot has proven to be of genuine value to senior commanders and managers, and continues to be a key sensor in the safety climate and human systems domains. This year the Snapshot Survey will be conducted online over the period of **26 April to 19 May 2023**.

DFSB is committed to maintaining the trust of participating organisations with strict confidentiality and data management provisions observed at all times.

Should your organisation be interested in participating in the 2023 Snapshot Survey, contact [DFSB.Snapshot@defence.gov.au](mailto:DFSB.Snapshot@defence.gov.au). **Expressions of interest close on Friday 17 March 2023.**

For more information, see the [Snapshot Survey website](#) (DPE Only).
