Advance Notice - DASR Release in Oct 19

DASA wishes to advise that the next revision to the DASR will be released in early October 2019. As part of this release, the following initiatives should be noted:

1. In order to provide improved transparency on DASA decision-making and greater engagement with the regulated community, DASA will release a Comment Response Document (CRD) prior to the October DASR amendment. The purpose of the CRD is to respond to comments made by the regulated community on Notice of Proposed Amendments (NPAs).
2. Change symbols will be introduced with the October DASR amendment, marking all discrete changes made in the new version.

DASA will continue to explore options to improve consultation with the regulated community on DASR changes.
