

## ***New Course – DO-326A Airworthiness Cyber Security Training Course***

DASA wishes to advise release of the following new course:

- [DO-326A Airworthiness Cyber Security Training Course](#)

This course utilises the DO-326A standard set as a basis to provide an overview of cyber security assurance ecosystem and the Authority's involvement in Major Cyber Security projects. The course is targeted at software and cyber security practitioners involved in airborne Cyber Security engineering and cyber security assurance. Also recommended for engineers conducting design approval and inspections of Cyber Security compliance demonstration evidence.

For full details of the course, nomination closing dates and availability of preferred session, the specific course link is above.

For further information, please visit the [DASA Training Webpage](#) or contact [DASA Training](#)
