

## DASR 66 Module 10 – Aviation Legislation

### References:

- A. [DASA Newsbreak 15 May 18 DASR 66 Module 10: Aviation Legislation](#)
- B. [DASA Newsbreak 04 Jul 18 – DASA 66 Module 10 Make Up Training](#)

### Introduction

1. Appendix I to DASR 66 – Basic Knowledge mandates that applicants for a DASR 66 Military Aircraft Maintenance Licence (MAML) must complete Module 10 on Aviation legislation.
2. DASA currently accepts evidence of Module 10 completion IAW References A & B.

### Planned Changes to Module 10 Training

3. Air Force training Group is finalising a new, ADELE based, DASR Module 10 course for use by both ADF and Defence Industry.
4. DASA will release a subsequent Newsbreak when this new ADELE based DASR Module 10 has been approved – expected within the next month. At this time, evidence of Module 10 completion, IAW References A & B, will no longer be accepted by DASA.
5. The new ADELE based DASR Module 10 will not be retrospectively applied – MAML holders that have already completed Module 10 requirements will not be required to complete the new course.

### Additional Information

6. DASA has also updated the DASR 66 Module 10 Make up Presentation training, which is available on the [DASA website](#). Until the new ADELE based DASR Module 10 has been approved, any organisation using the DASR 66 Module 10 Make up Presentation should ensure they are using the latest version. Reporting of completed DASR 66 Module 10 Make up Presentation training remains unchanged from Reference A & B.
7. Please send requests for further information on this topic to [dasa.dcadasr147@defence.gov.au](mailto:dasa.dcadasr147@defence.gov.au).
