Capability First, Safety Always

## **AMENDMENT TO AIRWORTHINESS DESIGN REQUIREMENTS MANUAL (ADRM)**

DASA wishes to advise that a revised version of the ADRM has been released.

Significant changes resulting from this amendment are as follows:

### **Section 2 - Integrated Design Requirements**

Amended Chapter 10 - Defence Long Range Operations - revised content to present Authority prescribed design requirements for DLRO for two-engine aircraft and aircraft having more than two engines.

### **Section 3 - Aircraft System Design Requirements**

Amended Chapter 5 - Surveillance and Avoidance Systems - added continuing airworthiness requirements for ATC transponders.

Amended Chapter 13 - Propulsion Systems - rewritten content to present amended Authority prescribed propulsion systems design requirements.

### **Section 5 - Aircraft Support Systems**

Amended Chapter 2 - Aeronautical Life Support Equipment - amended content associated with Helmet, Life Preserver and Ballistic Protection domains.
