

## New DASA Website | Release of DASR Amendment

### New DASA Website

The new DASA website is now available at <https://dasa.defence.gov.au>. Most content from the previous internet website has been transitioned and no new content has been added.

On 27 June 2023, DASA advised the website would be transitioning to a new platform. The first phase of this transition is now complete and DASA will continue to improve the website to meet the needs of the community. Feedback can be provided to [dasa.dasr@defence.gov.au](mailto:dasa.dasr@defence.gov.au).

This change will affect any bookmarks or hyperlinks to web addresses beginning with 'defence.gov.au/DASP'. Users will be redirected from the previous address to the new address for the remainder of 2023. These changes will not impact the Intranet site.

As the website structure matures throughout the remainder of 2023, users are advised against embedding links to specific website content into their corporate publications. The following links will remain valid:
