

## DASA Newsbreak – DASA Calling for increase in Subscribers

DASA wishes to grow the number of *Newsbreak* subscribers (from the Defence aviation community) to reach a larger audience in order to promote aviation safety initiatives, and increase awareness of changes within the Defence Aviation Safety Program.

The DASA Newsbreak informs the Defence aviation community of upcoming developments including:

- Regulatory changes.
- Events such as Conferences and Town Halls.
- Training courses.
- Publication of new advisory material.

Newsbreaks are distributed via a voluntary opt-in *subscription-based* email service and it is this subscriber base DASA wishes to grow.

DASA requests community members who have already subscribed to consider who within their organisation would benefit from a Newsbreak subscription and to encourage them to subscribe.

To subscribe to the DASA Newsbreak simply:

- Click on [DASA Subscribe](#)
- Place *Subscribe* in the Subject line and click send.
