

Notice of Proposed Amendment 2023-010 – DASR ‘Safety Management Systems’

This Newsbreak is to advise that DASA has published Notice of Proposed (DASR) Amendment (NPA) 2023-010 for DASR *Safety Management Systems*, for external consultation.

DASA welcomes responses from the Defence aviation community by close of business Monday 8 Jul 24, to allow the proposal’s incorporation into the Feb 25 DASR release.

NPA 2023-010 proposes the amendment of the DASR SMS Part, Acceptable Means of Compliance (AMC) and Guidance Material (GM), to:

- relocate DASM ‘assure’ material into the DASR, and ‘ensure’ material into alternative manuals and guidebooks
- align to DASA-recognised best practice international standards, and CAA and MAA aviation safety regulation.

The NPA can be found on the DASA NPA [internet page](#).

The point of contact for this NPA is WGCDR Brian Brown – DD SMS (DAVNOPS-DASA) at 02 5109 6547, or brian.brown2@defence.gov.au.
