Defence Aviation Safety Authority - **Newsbreak**

Capability First, Safety Always

New *Spotlight* magazine available online

DASA wishes to advise that the latest edition of Aviation Safety *Spotlight* magazine is available now on the DFSB Intranet site and DASA Internet site.

The latest edition of *Spotlight* features articles on: decision-making; immediate risk management within military teams; links between emotional intelligence and Defence Aviation; threat and error management; the art of communication; and the role of the human operators in uncrewed operations.

The Director of the Defence Flight Safety Bureau, GPCAPT David Smith, encourages readers to reflect upon their organisation's approach to Human Factors and Risk Management education and training, and towards empowering commanders, managers, supervisors and individuals to display the strength and moral courage to say 'no' and to report personal issues such as being burnt out or fatigued.

If you would like a hard copy of the magazine, please email the Defence Flight Safety Bureau Publishing and Multimedia group mailbox: dfsb.pm@defence.gov.au
